RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country, and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England, the desirability of providing themselves before their departure from India with an authoritative certificate of identity, in the form appended to this resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

FINANCIAL.

No. Fl. 1118—G. F. 28-14-2, dated 7th September 1914.

3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. F. 491-11-2, dated 20th August 1912, reproduced below, will in their entirety apply also to the sale and purchase transactions of the Bowringpet-Kolar Railway Debentures.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

PART I—Section 2.

GENERAL.

No. G. 9583—*G. M.* 102-16-138, *dated* 11*th January* 1917.

The following press communique issued by the Government of India in the Department of Commerce and Industry under date the 2nd December 1916 and a form of application for assistance in procuring supplies of material and stores from the United Kingdom, are hereby republished for general information.

2. Copies of the form of application will be supplied by the office of the Hon'ble the Resident in Mysore to those who require them on receipt of requests therefor.

"Considerable uncertainty appears to exist as to the method in which applications should be made by firms of persons who require priority treatment for orders which they have placed in the United Kingdom for stores and plant from firms controlled by the Ministry of Munitions. These applications should in all cases, whether the firm is represented in the United Kingdom or not, be made, in the first instance, either to the Local Government or Administration or, if they are directly concerned with the order in question, to the Agent of the Railway Company or head of an Imperial Department. The Government of India will, on receipt of recommendations from the Local Administrations, forward the application to the India Office."

INDIA.

APPLICATION FOR ASSISTANCE IN PROCURING SUPPLIES OF MATERIAL AND STORES FROM THE UNITED KINGDOM.

N.B.—(1) This form is to be used only when materials or stores are required for the purpose of maintenance or repair in order to maintain continuity of operations.

(2) Applicants in using this form must furnish full replies to the questions on pages 2 and 3.

(3) The Local Administration may require such further information to be submitted by the applicants as they may think necessary to enable them to deal with the application.

(4) This form will be returned to the applicants at the address stated in the form with the specific recommendation of the Local Administration as to the necessity for the supply of the material or stores asked for and the degree of urgency the Local Administration attach to the demand. The form should then be sent by the applicants to the firm in the United Kingdom or in India with whom the order is to be placed. It must accompany the application which may be made to the Ministry of Munitions for a priority certificate. In the absence of a definite recommendation from the Local Administration in India, the Ministry of Munitions will not consider applications for the grant of priority certificates for Indian orders.

(5) A separate form should be used for each order to be placed in the United Kingdom.

(6) Applications should be addressed except as provided below to the Chief Secretary to the Local Administration of the Province within which the materials or stores will be utilised.

(7) When this form is used for railway supplies it must be forwarded by the applicants to the Secretary, Railway Board, through the Agent or Manager of the Railway immediately concerned and not to the Local Administration.

(8) When this form is used for supplies required directly on behalf of an Imperial Department of the Government of India the application should be addressed directly to the Department concerned.

(9) The attention of applicants is invited to the following notes:—

Notes for the general guidance of applicants.

(*a*) When asking for supplies of consumable stores, it is advisable to restrict the demand to cover as short a period as may be possible, as small orders, say for three months' supply, have a better chance of being put through quickly than large ones.

(*b*) There is considerable delay at present in securing compliance with orders for copper, brass and steel. Brass or steel should be substituted for copper wherever possible. At present it is much easier to obtain iron than steel, and whenever possible shell discard steel should be used in the place of ordinary mild steel.

(c) All demands must be allocated to a definite purpose and use. Indents described as "to meet ordinary trade requirements" or "for structural purposes," etc., are not likely to receive priority certificates from the Ministry of Munitions.

(d) Following the policy adopted in the United Kingdom, no *new* textile machinery can be given a priority certificate except on an established case of shortage for war purposes of the material it is proposed to manufacture. The fact that a textile firm is occupied on war contracts does not of itself entitle that firm to secure a priority grading for new plant or machinery, unless and until it is shown that there is no surplus of manufacturing power available. At present there is considerable surplus of such power in the United Kingdom, which is still being used for ordinary commercial purposes in some of the textile trades, notably in cotton and woollen cloths, and it is considered by the Ministry of Munitions that that power should be absorbed before any new plant for similar purposes is sanctioned either for the United Kingdom or for India. It may be noted further that the replacing of old textile machinery by new is regarded in the United Kingdom for the purpose of priority classification as new machinery and not as repairs.

(e) As regards supplies for collieries it may be mentioned that the policy adopted in the United Kingdom is to refuse steel for headgear, it being considered that timber can be used instead. New screens and washeries are not given any priority certificates at present unless a very strong case can be made out for their supply. Very special reasons are also required to secure the supply of steel girders for underground roadways and roof supports, as in most cases timber can be used for such purposes. Steel is also refused for colliery tubs, the use of wooden bodies with wrought iron bottoms being advised. If there is any difficulty in India in making the bodies of wood, it would seem possible to substitute iron for the steel plates now used.

(f) Applications for assistance in procuring materials required for new works or for additions or extensions to existing works, machinery or plant, need not be submitted on any special form. In all such cases applicants must explain in full detail their reasons for considering the new work or additions to be urgent and necessary; and in particular must state whether or not the new work is of national importance and whether or not it is connected directly or indirectly with war work. The Local Administration will give due consideration to such applications, and will forward them with their recommendations for the orders of the Government of India. It may be noted for information, that it is not likely that priority will be given by the Ministry of Munitions for new works, however important they may be from a local standpoint.

FINANCIAL.

No. Fl. 1118—*G. F.* 28-14-2, *dated 7th September* 1914.

Government are pleased to notify for the information of the public that the facilities now afforded to effect purchases and sales of securities appertaining to the Mysore State Loan of 1906-07 are extended to the Bowringpet-Kolar Railway Debentures.

2. Intending purchasers and sellers of the Bowringpet-Kolar Railway Debentures may hereafter apply to the Assistant Comptroller in charge of the State Huzur Treasury, Bangalore.

3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. F. 491-11-2, dated 20th August 1912, reproduced below, will in their entirety apply also to the sale and purchase transactions of the Bowringpet-Kolar Railway Debentures.

4. Deputy Commissioners are requested to arrange for English and Kanarese copies of this notification being posted in all District and Taluk Treasuries.

By Order,
J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

GENERAL.

No. G. 9844—G. M. 102-16-140, dated 18th January 1917.

In continuation of Government Notification No. G. 5386—G. M. 76-15-127, dated the 27th October 1915, the following Press Communique dated the 9th December 1916, issued by the Government of India in the Department of Commerce and Industry, regarding the shipping of goods with Bills of Lading made out "to order," is hereby republished for general information.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

PRESS COMMUNIQUE.

Delhi, the 9th December 1916.

With reference to the previous Press Communiques on the subject and under instructions from His Majesty's Secretary of State for India the following Press Notice issued by the Board of Trade on the 19th October 1916, is published for information and observance in India. It applies to shipments to all destinations, except in the case of vessels bound for the United Kingdom, no part of whose cargo is to be discharged elsewhere.

The attention of shippers, shipowners, and the trading community generally is drawn to the fact that in time of war the practice of shipping goods with Bills of Lading made out "to order," made illegal by Section 4 of the Customs (War Powers) Act, 1915, in case of goods shipped from the United Kingdom under license, is very undesirable in respect of any goods exported from any part of the British Empire.

2. Shippers of goods not requiring license are therefore advised not to make Bills of Lading "to order" but only (*a*) to a named consignee or (*b*) to a bank or financial house of high standing with the remark in the margin of the Bills of Lading "Notify—A. B.," "A. B." being the name of the person or firm for whom the goods are ultimately destined. Goods shipped to Holland should be consigned to the Netherlands Oversea Trust.

3. It is essential during the war that in case of all goods, whether under license or not, British ships should have on board, throughout the voyage, full manifests of cargo and all Bills of Lading or certified copies thereof.

4. Unless these requirements are compiled with, there will be a risk that the ships will be stopped and diverted by His Majesty's ships or war vessels of allied nations for a full examination of the cargo and ascertainment of its destination.

5. In the case of British ships that will touch at ports in countries contiguous to enemy territory, compliance with these requirements are of special importance and serious delay may result, in such cases, if all ships papers are not on board and in order.

FINANCIAL.

No. Fl. 1118—*G. F.* 28-14-2, *dated 7th September* 1914.

Government are pleased to notify for the information of the public that the facilities now afforded to effect purchases and sales of securities appertaining to the Mysore State Loan of 1906-07 are extended to the Bowringpet-Kolar Railway Debentures.

2. Intending purchasers and sellers of the Bowringpet-Kolar Railway Debentures may hereafter apply to the Assistant Comptroller in charge of the State Huzur Treasury, Bangalore.

3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. F. 491-11-2, dated 20th August 1912, reproduced below, will in their entirety apply also to the sale and purchase transactions of the Bowringpet-Kolar Railway Debentures.

4. Deputy Commissioners are requested to arrange for English and Kanarese copies of this notification being posted in all District and Taluk Treasuries.

By Order,
J. S. CHAKRAVARTI,

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury

Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. F. 491-11-2, dated 20th August 1912, reproduced below, will in their entirety apply also to the sale and purchase transactions of the Bowringpet-Kolar Railway Debentures.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. 26, *dated* 28*th February* 1917.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1917 and ending 30th June 1918, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate may be sold to the Planter for any fixed amount not less than Rs. 12 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction later on. But the Deputy Commissioner has full discretion on this point.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners the inital deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this condition, the excess will be refunded unless the purchaser is required to make a deposit (twice that sum) under condition XIII *infra*.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation, without delay.

* Deposits may be in cash or other approved security.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forefeited and the shop be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind:—

General Conditions applicable to all Excise and Opium Licenses.

The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

2. The limits within which sales and possession under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and from in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day and night and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence but vendors, or care-takers may sleep in it at night, if necessary, to safeguard the stock.

4. Except in the case when two or more Foreign Liquor licenses or the ganja and the opium licenses in the same locality are held by one person, sales under each

license issued must be in different premises (Chemists and Druggists and Medical Practitioners excepted). The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license is prohibited. But intoxicating preparations made from opium other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A signboard must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee (and except in the case of Foreign Liquor or Special Liquors) the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within.

6. All liquor intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and District Excise Officers are empowered to destroy such as are found unfit for consumption or use.

7. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping or drawing of toddy in the case of palm trees by persons below the age of sixteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depots for the sale of the same are prohibited. The District Excise Officer may call for the names of all persons employed or proposed to be employed in depots, shops or groves and may forbid the sale of liquor or its manufacture or transport by any person whom he may disapprove.

8. No depot shall be opened before sunrise or kept open after 9 P.M., and no shops except those of toddy, shall be opened before 9 A.M., and kept open after 9 P.M., except under special authority. In the Cities of Bangalore and Mysore and in the Kolar Gold Fields, sales after 9 P.M. will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of the Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 8 P.M., or even at an earlier hour, if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Native soldiers is passing or is encamped in the vecinity. Deputy Commissioners or Revenue Assistant Commissoners shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Deputy Commissioners may order the transfer of depots and shops from one locality to another within the limits of the same town or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

14. The right is reserved to the Deputy Commissioner to grant "Occasional licenses" for the sale of liquor, intoxicating drugs and opium, on the occurrence of

fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shop-keepers who usually supply the locality or to the representatives of the renter. Their period shall not exceed ten days and the fee to be paid therefor shall be fixed at the Deputy Commissioner's discretion unless he decides to sell the same by public auction.

15. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(2) to any other person living in barracks;

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Deputy Commissioner's previous permission, which will only be given if the applicant is prepared to forfeit his deposit already made except in cases where the Deputy Commissioner sees reason not to enforce the penalty. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any Excise or Opium License will be allowed, without the written permission of the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any Excise or Opium License outside the Territories of Mysore, or in the Civil and Military Station of Bangalore.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on such dates to be fixed by the Deputy Commissioner in the case of bagani toddy shops shall be liable to be re-sold at the risk of the licensees.

19. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shop-keepers or firms of standing and respectabilty dealing in Foreign and Special Liquors for consumption off the premises.

20. No liquor, intoxicating drug or opium shall be sold below the minimum prices prescribed for the sale of the same as noted in the foot note.*

Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

23. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

25. Any officer of the Excise Department of rank not lower than Sub-Inspector is authorised to inspect licensed shops and depots. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make an inspection when it comes within the scope of their duty.

31. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his khist, the Amildar with the sanction of the Deputy Commissioner by record in writing and after suspending the license shall re-sell after the 20th of the month for which the khist is due or on any subsequent date or dates for reasons which will be recorded in writing the privilege of sale with effect from the date of issue of license to the new purchaser or the privilege may be otherwise disposed of subject to the Deputy Commissioner's confirmation. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficits if any arising from the re-sale or other disposal of the privilege. 35. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

37. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

No licensee of any one kind of liquor shop shall, during the term of such license, have any interest in the exclusive privilege of vending any other kind of liquors within five miles from it, nor shall he permit any person having such interest to hold any share or interest in his exclusive privilege.

41. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner.

XX. Conditions applicable to Arrack Licenses.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 30° U.P. (7) "Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall, in this case, be made so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking."

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of Rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

XXI. Conditions applicable to Toddy Licenses.

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim any damages therefor. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessary for the same in the following cases :—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

(3) No toddy except the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

(6) In case of default, the Amildar will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railway cess on tree-rent will be levied in addition in the districts of Tumkur and Chitaldrug and Kolar as stated in the foot notes to General Condition 27 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy by Government of tree-tax

(8) The tapping of date trees is subject to the following conditions :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(c) Trees shall not be over-tapped or over-worked.

(d) In no date trees shall the initial incision be made at any point within four feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(e) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(f) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(g) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(h) The licensee or his employer will be liable to pay a fine of two rupees for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. The fine will be levied on trees found dead at the close of every quarter. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(i) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(j) When the licensee makes default and his shop is re-sold, or otherwise disposed of his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope making, basket making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officers authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited. Provided, however, that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption as well as for sale within the limits of the village purchased by him.

(14) The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the

retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents;

(*b*) of toddy shop-keepers or renters in the Madras Presidency; and

(*c*) of tree-owners in the coffee estates, hittals and khans in malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 28th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government. Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For all toddy-yielding trees, tree-tapping licenses shall be annual, from the 1st July to the 30th June next irrespective of the time when the application for a tree-tapping license is made. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the eight days, immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Description of trees.	*Rates of tree-tax per tree per annum.*		
	Rs.	a.	p.

The undersigned has the honor to authorise all District and Taluk Treasuries in the State to receive subscriptions for the Mysore Imperial Service Lancers War Fund and to credit the amounts so received under a new head to be opened in the treasury accounts under Debt heads immediately below that for the Indian Imperial Relief Fund.

2. For the convenience of subscribers and also to avoid numerous small payments into treasuries, responsible persons will be authorised by the Secretary to the Fund or by Deputy Commissioners on his behalf to receive subscriptions and pay them into the treasury. No one who has not obtained written permission from a competent authority should collect subscriptions. Authorised collectors will grant receipts to each subscriber in the special form prescribed for the purpose. The triplicates will be collected and sent to the undersigned immediately after the close of the month with a schedule of receipts on behalf of the Fund. The duplicate copy will be filed in the treasury.

To—All Drawers of Salary and Establishment Bills and Deputy Commissioners of Treasury Departments of Districts.

With reference to the changes in State Provident Fund Rules sanctioned by Government and published on pages 2 and 3 of the Gazette of 4th January 1917, the attention of all drawers of salary and establishment bills is invited to the following points:—

1. The new rates of subscriptions should be adopted beginning with the amounts payable in February 1917. The rate of salary for the purpose of calculation of monthly subscription, payable for the remainder of the current official year, under the revised rule, should be that drawn in respect of the 31st January 1917.

2. From 1917-18, onwards the subscription should be based on the salary in respect of the 30th June of the previous financial year. The monthly rate of subscription should be in whole rupees. The minimum subscription is $6\frac{1}{4}\%$ of salary where this amount is not a sum in whole rupees, the sum in whole rupees below that amount should be taken as the minimum.

The undersigned has the honor to request that this new procedure sanctioned by Government be brought into effect commencing with the bills for February 1917, presented for payment on or after 1st March 1917. According to the new procedure there should be but one bill prepared in Form No. Finl. 19 for each establishment concerned and it should include the pay and allowance of the officers noted above and also of the members of their establishments. Separate bills for the above officers in Form No. Finl. 101A. should not hereafter be cashed by Treasuries.

To—The Deputy Commissioners of Districts (Treasury and other Departments), and Heads of Departments.

The Government have ordered that the system of pre-audit of travelling allowance bills be discontinued. The new procedure of presenting travelling allowance bills to the treasury for encashment without audit by this office will come into force from 1st April 1917.

2. The new procedure does not apply to the travelling allowance bills of Gazetted Officers and Establishments at Bangalore which will continue to be subject to pre-audit and paid by cheques issued from this office as soon as possible after submission of the bills.

3. All travelling allowance bills for the months beginning with March 1917, will be cashed at the treasury without pre-audit by this office but those for any previous period should be submitted to this office for pre-audit. Treasury Officers will not cash travelling allowance bills for any month previous to March 1917 unless they have been pre-audited and passed for payment by this office as hitherto.

4. Travelling allowance bills of Gazetted Officers and Establishments can be presented for encashment only at the treasuries which cash their salary and pay bills and not at any other treasury.

5. The preparation of travelling allowance bills and their examination by Drawing and Countersigning Officers require great care to prevent unnecessary objections and recoveries of amounts unauthorisedly drawn.

6. Travelling allowance bills requiring countersignature should be duly countersigned by Controlling Officers before being presented to the treasury for encashment.

7. The attention of the Countersigning Officers is invited to Article 644, Mysore Service Regulations. As regards the responsibilities of the Drawing, Countersigning and Treasury Officers reference is invited to Article 13, Civil Account Code.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15*th October* 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his

daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance Office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

The undersigned has the honor to authorise all District and Taluk Treasuries in the State to receive subscriptions for the Mysore Imperial Service Lancers War Fund and to credit the amounts so received under a new head to be opened in the treasury accounts under Debt heads immediately below that for the Indian Imperial Relief Fund.

2. For the convenience of subscribers and also to avoid numerous small payments into treasuries, responsible persons will be authorised by the Secretary to the Fund or by Deputy Commissioners on his behalf to receive subscriptions and pay them into the treasury. No one

To—All Drawers of Salary and Establishment Bills and Deputy Commissioners of Treasury Departments of Districts.

With reference to the changes in State Provident Fund Rules sanctioned by Government and published on pages 2 and 3 of the Gazette of 4th January 1917, the attention of all drawers of salary and establishment bills is invited to the following points:—

The salaries of the marginally noted officers on Provincial Scales of Establishment are now being drawn on separate bills in Form No. Finl. 101A. and not on those on which the pay and allowances of the establishments—clerical and menial—working under them are drawn. Government have, in their Order No. Fl. 4521-70—G. F. 155-16-2, dated 14th February 1917, directed that this practice should be changed and that the salaries of these officers should, in future, be included and drawn in the regular establishment bills in Form, Finl. 19. The undersigned has the honor to request that this new procedure sanctioned by Government be brought into effect commencing with the bills for February 1917, presented for payment on or after 1st March 1917. According to the new procedure there should be but one bill prepared in Form No. Finl. 19 for each establishment concerned and it should include the pay and allowance of the officers noted above and also of the members of their establishments. INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance Office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

INSURANCE COMMITTEE.

Resolution.—Resolved that the construction of the proposed bridge be deferred and that the Executive Engineer be requested to investigate and send up an estimate with a report mentioning the alignments for opening out a road from Irakasandra to Thondebhavi, *via* Mavattur.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

INSURANCE COMMITTEE.

COPY OF NOTICE.

RULES REGARDING THE SPECIAL PROCEDURE FOR THE TRANSACTIONS BETWEEN THE POST OFFICES AND THE TREASURIES IN THE MYSORE STATE.

I.—EXTENT OF APPLICATION OF THESE RULES.

1. These rules apply to all transactions between post offices in Mysore and Mysore State Treasuries. They do not therefore apply to—

(*a*) Remittances between the Resident's Treasury at Bangalore and the Bangalore head office and any of its sub-offices authorised to have direct monetary transactions with the Resident's treasury, or to

(*b*) Remittances between the Mysore post office and the treasury at Coimbatore through the sub-post office and sub-treasury at Kollegal.

The Bangalore and Mysore post offices will therefore maintain a treasury pass book, etc., for these transactions under the rules laid down in the *Post Office Manual and Civil Account Code* as explained in the *Postal Account Code*, Volume I (provincial issue), quite apart from and in addition to the accounts prescribed in these rules.

N.B.—The district treasuries in Mysore render an account to the Resident's treasury monthly of all receipts from and payments to post offices; and the Resident's treasury verifies the Mysore State Treasury account submitted by post offices with the accounts sent by district treasuries; but as the submission of the statements by district treasuries does not take place until after the middle of the month following that to which it relates, the verification by the Resident's treasury officer cannot be made till the end of that month.

II.—THE MYSORE STATE TREASURY PASS BOOK.

2. (i) The Mysore State Treasury Pass Book is a complete record of all sums received from or paid into the district (State) treasury and its taluk treasuries (whether in cash or by transfer) by a head office or any of its sub-offices. The pass book which is in Form A/C-8, should be kept by each head office situated in the Mysore Province and will remain in the postmaster's personal custody and he should himself make all the necessary entries in it and sign each entry.

(ii) Each sub-office having dealings with taluk treasuries will similarly keep a Mysore State Treasury Pass Book [in Form S.O. 3 (*a*)] in which should be recorded all sums received from or paid into the taluk treasury by itself.

III.—REGISTER OF TRANSACTIONS WITH THE MYSORE STATE TREASURY.

3. The individual items in the treasury pass book of the head office should be transferred to the register of transactions with the treasury [in Form A/C-8 (*a*)] and daily totals should be made in the latter of (i) all remittances to the treasury and (ii) all drawings from the treasury.

IV.—REMITTANCES TO STATE TREASURY.

4. (i) When a remittance is to be made to a treasury (district or taluk) by head offices, the amount should be entered in the State Treasury Pass Book referred to in rule 2 above by the head postmaster, and a memorandum of remittance (in Form A/C-11) should be prepared in *triplicate* with an *indelible* pencil and carbonic paper. The memorandum should be impressed with the *oblong money order stamp* and signed by the head postmaster. The treasury pass book should also be signed by the head postmaster and sent with the money and the original and the duplicate copies of the memorandum of remittance to the treasury, or the taluk treasury, as the case may be. The triplicate copy of the memorandum should be retained on record in the post office.

(ii) The State treasury officer will place his initials against the entry in the treasury pass book in acknowledgment of the remittance and return the book to the head postmaster who should examine it and satisfy himself that the receipt of the amount has been duly acknowledged. The original and the duplicate copies of the memorandum of remittance will be retained by the treasury officer.

5. (i) When a remittance is to be made to a treasury (district or taluk) by sub-offices the amount should be entered in the treasury pass book referred to in rule 2 (ii) above by the

sub-postmaster and a receipt [in Form S.O.-3 (*b*)] should be prepared in *quadruplicate* with an *indelible* pencil and carbonic paper. The receipt should be impressed with the *oblong money order stamp* and signed by the sub-postmaster. The treasury pass book should also be signed by the sub-postmaster and sent with the money and the original, the dublicate and the triplicate copies of the receipt to the treasury or taluk treasury as the case may be. The quadruplicate copy of the receipt should be retained on record in the post office.

(ii) The officer in charge of the treasury will attest the entry in the treasury pass book, retain the original and the duplicate receipt, and return the book and the triplicate receipt duly signed to the sub-postmaster, who should examine them to see that the remittance has been acknowledged. The receipt should be forwarded by first post in the account bag to the head office in support of the charge to which it relates.

NOTE.—Form A/C-11 bound in books of 50 serially numbered forms in triplicate and form S. O.-3 (*b*) bound in book of 30 serially numbered forms in quadruplicate will be supplied by the stock depot in the usual course.

V.—DRAWINGS FROM STATE TREASURY.

6. (i) When money is to be drawn from a treasury (district or taluk) by head offices the amount should be entered in the State Treasury Pass book referred to in rule 2 *supra* by the head postmaster, and a voucher (in Form A/C-12) should be prepared in duplicate with an *indelible* pencil and carbonic paper. The voucher should be impressed with the *oblong money order stamp* and signed by the head postmaster. The treasury pass book should also be signed by the head postmaster and sent with the original or upper copy of the voucher to the treasury, or the taluk treasury, as the case may be. The lower or carbonic copy of the voucher should be retained on record in the post office.

(ii) The officer in charge of the treasury will initial the entry in the treasury pass book and return it, with the money, to the head postmaster, who should examine it and satisfy himself that the amount received corresponds with the entry in the book. The treasury officer will retain the voucher.

7. (i) When money is to be drawn from the treasury (district or sub) by sub-offices, the amount should be entered in the treasury pass book referred to in rule 2 (ii) above by the sub-postmaster and a voucher in form S.O.-3 (*c*) should be prepared in triplicate with an *indelible* pencil and carbonic paper. The voucher should be impressed with the *oblong money order stamp* and signed by the sub-postmaster and sent with the original and the duplicate copies of the voucher to the treasury. The triplicate copy of the voucher will be retained on record in the post office.

(ii) The officer in charge of the treasury will attest the entry in the treasury pass book, retain the original voucher and return the book and the duplicate voucher with a note of payment written across the latter. The sub-postmaster should examine both documents and satisfy himself that the amount received corresponds with the entries in the book and the voucher. The duplicate voucher returned by the treasury should be forwarded by first post in the account bag to the head office.

VI.—SUB-OFFICE TRANSACTIONS WITH TREASURIES.

8. Drawings from and payments into treasuries (district or taluk) will be communicated as they occur to the head office concerned as described in rules 5 and 7 *supra*. The postmaster of the head office should enter the amounts represented by the sub-treasury receipts and vouchers in the treasury pass book of his own office and forward the pass book with receipts and vouchers to the officer in charge of the district (State) treasury who will return them after attesting the entries in the pass book. On their return the receipts and vouchers should be placed on record in the head office. The register of transactions with the treasury will then be written up daily in accordance with the instructions conveyed in paragraph 3 above.

VII.—MONTHLY MYSORE STATE TREASURY ACCOUNT (FORM A. C.-9).

9. (i) At the end of the month the postmaster of the head office should enter the total payments and drawings, in words and figures, below the last transaction in the treasury pass book and then prepare the "Mysore State" treasury account which should be an exact copy of the treasury pass book. The treasury account should be signed and dated by the postmaster and sent to the officer in charge of the Resident's treasury, Bangalore, under a registered cover addressed to the postmaster, Bangalore, for verification. The treasury officer's verification will in every case be for the actual amounts which have been credited and debited in his accounts as rendered by him to the Accountant-General, Madras, for the month. There will be a difference between the total amounts acknowledged by the treasury officer and those entered by the postmaster in the treasury account whenever drawings from or payments into sub-treasuries towards the end of a month are included in the cash account of the head office in the same month but are not communicated to the district treasury until

the next month, or whenever transactions with sub-treasuries towards the end of a month are communicated to the district treasury in the same month but are not included in the cash account of the head office until the next month. In the former case the treasury officer will strike off and in the latter case add those transactions.

(ii) As soon as the State treasury account is received back from the treasury officer, Bangalore, the remarks, etc., made by him with the date entered by him should be copied in the treasury pass book and the postmaster should compare the entries in the treasury pass book with those in the verified treasury account received back from the treasury officer, and, if any fresh items have been added by the treasury officer in red ink, immediate steps should be taken to call for the receipt or vouchers for those items from the post offices concerned and bring the transaction into the cash account of the head office if they have not already been accounted for.

(iii) The particulars regarding the transactions of one month which are brought into the accounts of the head office in the following month will be entered in the treasury pass book for the month in which they are brought into the accounts of the head office, and against these the following remark will be made:—

"Included in the verification of the treasury officer, Bangalore, for the month of 191 ."

Such items will not be entered in the treasury account prepared for the verification of the treasury officer but will be struck out of the pass book with an appropriate remark before the treasury account is copied out.

(iv) The treasury account should be dated by the postmaster and totalled (in words as well as in figures) so as to agree with entries (3) of the treasury suspense account before being sent to Bangalore for verification.

VIII.—MYSORE TREASURY SUSPENSE ACCOUNT.

10. (i) The first three entries of this account will, as directed in paragraph 7, be prepared before the State treasury account is sent to Bangalore and as soon as it is received back duly verified and signed by the officer in charge of the Resident's treasury at Bangalore it should be completed by the postmaster himself so as to show whether there is an agreement between the treasury transactions included in the cash account and those admitted by the officer in charge of the Resident's treasury or whether there are differences to be explained Whenever the Mysore treasury suspense account shows a balance either under "Payments" or "Drawings," the items of which the balance is composed should be fully detailed.

(ii) The Mysore State treasury account which has been signed by the officer in charge of the Resident's treasury and the Mysore treasury suspense account should then be forwarded to the Audit office.

11. These are special rules for the guidance of postmasters in the Mysore State who in other matters regarding their transactions with the Mysore State and other treasuries will be guided by the rules in the Post Office Manual.

With regard to paras (1) and (2) of the memo, the Managing Committee were of opinion that in instances where the arrears pertained to a period prior to six years, when there was any reason to assume that subsequent arrears were collected under the promise (whether oral or written) of writing off the earlier arrears, such arrears should be remitted.

With regard to paras (1), (2), (3), (4) and (5) the Deputy Amildar's opinion with regard to Venkatesiah's liability for the arrears of taxes is accepted. Venkatesiah's protest against the sale of the attached property on the 29th June 1916 is untenable. Further action to recover the arrears by suit or distraint of property should be restored to. According to Government Order No. 3660-9—Ml. 92-10-6, dated the 2nd November 1910, there is no legal bar for the recovery of arrears of Municipal taxes by distraint and sale of the movable property of the defaulter, whatever may be the period during which they may be outstanding.

On the subject matter of the 6th paragraph the Committee held that the same warrant could be used any number of times till the entire sum in respect of which the warrant was issued was recovered in full. Mr. Usman Khan dissented and was of opinion that on the expiry of one year after issuing the warrant, a fresh demand notice and warrant should issue.

(*c*) After endorsement as above, whoever fails to pay his instalment of taxes or to report re-occupation or makes incorrect statement on the subject will be deemed to be ineligible to remission or refund contemplated in Section 69 (2).

(*d*) The Deputy Amildar shall inspect the premises entered in the above register at intervals the first interval not exceeding 60 days from the date of receipt of the notice, and shall note therein their vacancy, re-occupation, etc. The last inspection will be during the last fortnight of the half-year particularly of premises whereon remission or refund under Section 69 (1) is liable to be claimed.

(*e*) Remission or refund as per Section 69 (2) will be calculated by the formula

$$R = \frac{T}{2} \times \frac{60+V}{180}$$

Where (R) equals Remission or Refund; (T) equals the half-year's instalment of taxes; and (V) equals the number of days over 60 during which the building or land is vacant and unproductive of rent after receipt of notice.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter, whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees:—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

INSURANCE COMMITTEE.

RULES REGARDING THE SPECIAL PROCEDURE FOR THE TRANSACTIONS BETWEEN THE POST OFFICES AND THE TREASURIES IN THE MYSORE STATE.

I.—EXTENT OF APPLICATION OF THESE RULES.

1. These rules apply to all transactions between post offices in Mysore and Mysore State Treasuries. They do not therefore apply to—

(*a*) Remittances between the Resident's Treasury at Bangalore and the Bangalore head office and any of its sub-offices authorised to have direct monetary transactions with the Resident's treasury, or to

(*b*) Remittances between the Mysore post office and the treasury at Coimbatore through the sub-post office and sub-treasury at Kollegal.

The Bangalore and Mysore post offices will therefore maintain a treasury pass book, etc., for these transactions under the rules laid down in the *Post Office Manual and Civil Account Code* as explained in the *Postal Account Code*, Volume I (provincial issue), quite apart from and in addition to the accounts prescribed in these rules.

N.B.—The district treasuries in Mysore render an account to the Resident's treasury monthly of all receipts from and payments to post offices, and the Resident's treasury verifies the Mysore State Treasury account submitted by post offices with the accounts sent by district treasuries; but as the submission of the statements by district treasuries does not take place until after the middle of the month following that to which it relates, the verification by the Resident's treasury officer cannot be made till the end of that month.

II.—THE MYSORE STATE TREASURY PASS BOOK.

2. (i) The Mysore State Treasury Pass Book is a complete record of all sums received from or paid into the district (State) treasury and its taluk treasuries (whether in cash or by transfer) by a head office or any of its sub-offices. The pass book which is in Form A/C-8, should be kept by each head office situated in the Mysore Province and will remain in the postmaster's personal custody and he should himself make all the necessary entries in it and sign each entry.

(ii) Each sub-office having dealings with taluk treasuries will similarly keep a Mysore State Treasury Pass Book [in Form S.O. 3 (*a*)] in which should be recorded all sums received from or paid into the taluk treasury by itself.

III.—REGISTER OF TRANSACTIONS WITH THE MYSORE STATE TREASURY.

3. The individual items in the treasury pass book of the head office should be transferred to the register of transactions with the treasury [in Form A/C-8 (*a*)] and daily totals should be made in the latter of (i) all remittances to the treasury and (ii) all drawings from the treasury.

IV.—REMITTANCES TO STATE TREASURY.

4. (i) When a remittance is to be made to a treasury (district or taluk) by head offices, the amount should be entered in the State Treasury Pass Book referred to in rule 2 above by the head postmaster, and a memorandum of remittance (in Form A/C-11) should be prepared in *triplicate* with an *indelible* pencil and carbonic paper. The memorandum should be impressed with the *oblong money order stamp* and signed by the head postmaster. The treasury pass book should also be signed by the head postmaster and sent with the money and the original and the duplicate copies of the memorandum of remittance to the treasury, or the taluk treasury, as the case may be. The triplicate copy of the memorandum should be retained on record in the post office.

(ii) The State treasury officer will place his initials against the entry in the treasury pass book in acknowledgment of the remittance and return the book to the head postmaster who should examine it and satisfy himself that the receipt of the amount has been duly acknowledged. The original and the duplicate copies of the memorandum of remittance will be retained by the treasury officer.

5. (i) When a remittance is to be made to a treasury (district or taluk) by sub-offices the amount should be entered in the treasury pass book referred to in rule 2 (ii) above by the sub-postmaster and a receipt [in Form S.O.-3 (*b*)] should be prepared in *quadruplicate* with an *indelible* pencil and carbonic paper. The receipt should be impressed with the *oblong money order stamp* and signed by the sub-postmaster. The treasury pass book should also be signed by the sub-postmaster and sent with the money and the original, the dublicate and the triplicate copies of the receipt to the treasury or taluk treasury as the case may be. The quadruplicate copy of the receipt should be retained on record in the post office.

(ii) The officer in charge of the treasury will attest the entry in the treasury pass book, retain the original and the duplicate receipt, and return the book and the triplicate receipt duly signed to the sub-postmaster, who should examine them to see that the remittance has been acknowledged. The receipt should be forwarded by first post in the account bag to the head office in support of the charge to which it relates.

NOTE.—Form A/C-11 bound in books of 50 serially numbered forms in triplicate and form S. O.-3 (*b*) bound in book of 30 serially numbered forms in quadruplicate will be supplied by the stock depot in the usual course.

V.—DRAWINGS FROM STATE TREASURY.

6. (i) When money is to be drawn from a treasury (district or taluk) by head offices the amount should be entered in the State Treasury Pass book referred to in rule 2 *supra* by the head postmaster, and a voucher (in Form A/C-12) should be prepared in duplicate with an *indelible* pencil and carbonic paper. The voucher should be impressed with the *oblong money order stamp* and signed by the head postmaster. The treasury pass book should also be signed by the head postmaster and sent with the original or upper copy of the voucher to the treasury, or the taluk treasury, as the case may be. The lower or carbonic copy of the voucher should be retained on record in the post office.

(ii) The officer in charge of the treasury will initial the entry in the treasury pass book and return it, with the money, to the head postmaster, who should examine it and satisfy himself that the amount received corresponds with the entry in the book. The treasury officer will retain the voucher.

7. (i) When money is to be drawn from the treasury (district or sub) by sub-offices, the amount should be entered in the treasury pass book referred to in rule 2 (ii) above by the sub-postmaster and a voucher in form S.O.-3 (*c*) should be prepared in triplicate with an *indelible* pencil and carbonic paper. The voucher should be impressed with the *oblong money order stamp* and signed by the sub-postmaster and sent with the original and the duplicate copies of the voucher to the treasury. The triplicate copy of the voucher will be retained on record in the post office.

(ii) The officer in charge of the treasury will attest the entry in the treasury pass book, retain the original voucher and return the book and the duplicate voucher with a note of payment written across the latter. The sub-postmaster should examine both documents and satisfy himself that the amount received corresponds with the entries in the book and the voucher. The duplicate voucher returned by the treasury should be forwarded by first post in the account bag to the head office.

VI.—SUB-OFFICE TRANSACTIONS WITH TREASURIES.

8. Drawings from and payments into treasuries (district or taluk) will be communicated as they occur to the head office concerned as described in rules 5 and 7 *supra*. The postmaster of the head office should enter the amounts represented by the sub-treasury receipts and vouchers in the treasury pass book of his own office and forward the pass book with receipts and vouchers to the officer in charge of the district (State) treasury who will return them after attesting the entries in the pass book. On their return the receipts and vouchers should be placed on record in the head office. The register of transactions with the treasury will then be written up daily in accordance with the instructions conveyed in paragraph 3 above.

VII.—MONTHLY MYSORE STATE TREASURY ACCOUNT (FORM A. C.-9).

9. (i) At the end of the month the postmaster of the head office should enter the total payments and drawings, in words and figures, below the last transaction in the treasury pass book and then prepare the "Mysore State" treasury account which should be an exact copy of the treasury pass book. The treasury account should be signed and dated by the postmaster and sent to the officer in charge of the Resident's treasury, Bangalore, under a registered cover addressed to the postmaster, Bangalore, for verification. The treasury officer's verification will in every case be for the actual amounts which have been credited and debited in his accounts as rendered by him to the Accountant-General, Madras, for the month. There will be a difference between the total amounts acknowledged by the treasury officer and those entered by the postmaster in the treasury account whenever drawings from or payments into sub-treasuries towards the end of a month are included in the cash account of the head office in the same month but are not communicated to the district treasury until

the next month, or whenever transactions with sub-treasuries towards the end of a month are communicated to the district treasury in the same month but are not included in the cash account of the head office until the next month. In the former case the treasury officer will strike off and in the latter case add those transactions.

(ii) As soon as the State treasury account is received back from the treasury officer, Bangalore, the remarks, etc., made by him with the date entered by him should be copied in the treasury pass book and the postmaster should compare the entries in the treasury pass book with those in the verified treasury account received back from the treasury officer, and, if any fresh items have been added by the treasury officer in red ink, immediate steps should be taken to call for the receipt or vouchers for those items from the post offices concerned and bring the transaction into the cash account of the head office if they have not already been accounted for.

(iii) The particulars regarding the transactions of one month which are brought into the accounts of the head office in the following month will be entered in the treasury pass book for the month in which they are brought into the accounts of the head office, and against these the following remark will be made :—

"Included in the verification of the treasury officer, Bangalore, for the month of 191 ."

Such items will not be entered in the treasury account prepared for the verification of the treasury officer but will be struck out of the pass book with an appropriate remark before the treasury account is copied out.

(iv) The treasury account should be dated by the postmaster and totalled (in words as well as in figures) so as to agree with entries (3) of the treasury suspense account before being sent to Bangalore for verification.

VIII.—MYSORE TREASURY SUSPENSE ACCOUNT.

10. (i) The first three entries of this account will, as directed in paragraph 7, be prepared before the State treasury account is sent to Bangalore and as soon as it is received back duly verified and signed by the officer in charge of the Resident's treasury at Bangalore it should be completed by the postmaster himself so as to show whether there is an agreement between the treasury transactions included in the cash account and those admitted by the officer in charge of the Resident's treasury or whether there are differences to be explained Whenever the Mysore treasury suspense account shows a balance either under "Payments" or "Drawings," the items of which the balance is composed should be fully detailed.

(ii) The Mysore State treasury account which has been signed by the officer in charge of the Resident's treasury and the Mysore treasury suspense account should then be forwarded to the Audit office.

11. These are special rules for the guidance of postmasters in the Mysore State who in other matters regarding their transactions with the Mysore State and other treasuries will be guided by the rules in the Post Office Manual.

From

M. N. Krishna Rao, Esq., B.A.,
Offg. Comptroller, Mysore Government.

To

The Deputy Commissioners, Treasury Department, of all Districts.

No. Mily. 315-22, *dated 1st November* 1915.

The undersigned has the honor to authorise all District and Taluk Treasuries in the State to receive subscriptions for the Mysore Imperial Service Lancers War Fund and to

credit the amounts so received under a new head to be opened in the treasury accounts under Debt heads immediately below that for the Indian Imperial Relief Fund.

2. For the convenience of subscribers and also to avoid numerous small payments into treasuries, responsible persons will be authorised by the Secretary to the Fund or by Deputy Commissioners on his behalf to receive subscriptions and pay them into the treasury. No one who has not obtained written permission from a competent authority should collect subscriptions. Authorised collectors will grant receipts to each subscriber in the special form prescribed for the purpose. Each collector will be supplied with a number of counterfoil receipt books by the Deputy Commissioner of his district on application. Both the foil and the counterfoil of the form should be carefully filled up. The grant of receipt on loose paper or any other form by collectors is strictly prohibited.

3. At the end of each month or whenever the collections exceed Rs. 50, the amount in hand should be sent to the treasury by the collector with a chellan. Special chellan forms in quadruplicate will be supplied to collectors for the purpose by Deputy Commissioners. The treasury should check the amount of the chellan with the amounts noted in the counterfoils of the receipt book covered by the chellan. It should also see that the treasury number of the chellan is correctly noted in the counterfoils and that in the chellan the numbers of the receipts covered by the chellan are noted.

4. In respect of payments tendered directly at District and Taluk Treasuries, the Treasury Officer will act as collector. He will give a receipt to the party in the prescribed form and transfer the collections to treasury balance at intervals in the manner indicated above.

5. A stock of counterfoil receipt books and quadruplicate chellan books is kept in the office of the undersigned and will be supplied on indent to Deputy Commissioners. A stock account of receipt books and chellan books should be kept in the office of Deputy Commissioners. Collectors should preserve the counterfoils of used up receipt books and chellan books to be returned when called for.

6. The treasury will, after crediting the amount in the accounts, send the quadruplicate copy of the chellan immediately by the day's post to the Honorary Secretary to the Fund. The triplicates will be collected and sent to the undersigned immediately after the close of the month with a schedule of receipts on behalf of the Fund. The duplicate copy will be filed in the treasury.

7. It is particularly requested that all delay either in despatching the chellan to the Honorary Secretary or the monthly accounts to the undersigned should be avoided.

Dated 12th January 1917.

To—All Drawers of Establishment Bills.

The rule contained in para 133 of the Treasury Manual in regard to the method of drawing the pay of menials is not now uniformally followed, as in some cases nominal details are given while in others they are not. The names of menials are not necessary in establishment bills and the practice of noting them therein should be discontinued. It is sufficient to show in one entry the total number of menials on the same rate of pay and the total amount drawn for them.

The certificate necessary in support of such claims is already printed in the bill form.

Dated 12th January 1917.

To—All Drawers of Establishment Bills and
Deputy Commissioners, Treasury Department,
all Districts.

The practice prevails in some offices of drawing separate bills for arrears of pay of establishments of different months even though they are all prepared on the same date. A separate bill for arrear claims of each month is not necessary and need not be prepared. Attention of all drawing officers is invited to Article 65 of Civil Account Code, Volume I, under which only one bill is necessary for all arrear claims of different months which have to be drawn at the same time; particulars of claims of the different months should, of course, be separately shown in the bill.

Offg. Comptroller.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

INSURANCE COMMITTEE.

COPY OF NOTICE.

REVENUE DEPARTMENT.

Circular No. C. 2837, dated 23rd January 1917.

It has been brought to the notice of the undersigned that subordinate revenue officers do not give immediate intimation to the Veterinary Officers of the out-break of epidemic cattle diseases in their locality with the result that these officers are unable to proceed to the affected village in time to be of use to the villagers. The attention of all Deputy Commissioners is invited in this respect to para 5 of this office Circular No. 4622, dated 6th November 1906, a copy of which is herewith attached for easy reference, and they are requested to impress on all subordinate revenue officers the desirability of arranging through the village officers to get immediate information of the first appearance of infectious diseases within their jurisdiction and forthwith intimating the same to the Veterinary Officer. In cases of urgency and when the services of the Veterinary Officer are required by the villagers, the Patel of the village may, when submitting his report to the taluk, send a copy of the same direct to the Veterinary Inspector giving full particulars, as far as possible, of the nature, and extent of the disease in respect of which his services are required. The local Veterinary Officer should, on receipt of the report, bring it immediately to the notice of the Deputy Commissioner or in his absence the Assistant Commissioner at headquarters and with his permission, arrange to proceed immediately to the affected villages and adopt prompt measures to check the spread of the disease and make a report to the Deputy Commissioner of the work done by him in this respect.

* * * *

* * * *

5. Amildars of taluks shall, on first information of the out-break of cattle disease in any part of their taluk, communicate direct with the Inspector by letter or by wire as the emergency of the case may demand. The Inspector shall, if circumstances warrant it, forthwith proceed to the infected part and after doing the needful for arresting the spread of the disease, inform the Deputy Commissioner of the district of the work done by him. Whenever he may think that his personal visit is unnecessary or he is unable to go to any taluk or village, he shall send the Amildar, for the guidance of the villagers, a few plain instructions as to what should be done for relieving the sick cattle and to arrest the course of the epidemic. Whenever more than one taluk or district require the services of the Inspector simultaneously, the considerations that should decide the choice of the Inspector shall ordinarily be the comparative numerical strength of the cattle or horses affected and the extent of damage likely to be caused.

* * * *

* * * *

* * * *

Circular No. C. 2837A, dated 23rd January 1917.

The undersigned has reason to believe that the cattle mortality returns now submitted by the taluks are not quite accurate and reliable and that they comprise the figures only for the villages for which the returns are received from the patels concerned and not the figures for all the villages in the taluk, no notice being taken of such as do not send in the returns in time. The Deputy Commissioners are requested to issue strict instructions to the Amildars to see that the returns for all the villages in the taluk are received punctually before the due dates and included in the consolidated statement prepared and sent up from the taluk. When the return for any village is not received before the date prescribed for the submission of the taluk return, the Amildar should issue needful orders to procure its submission by the patel concerned immediately, and on its receipt, either address the Deputy Commissioner for having the necessary correction made in the return already submitted to him or incorporate it, with a remark, in the return sent for the following month.

The undersigned has the honor to authorise all District and Taluk Treasuries in the State to receive subscriptions for the Mysore Imperial Service Lancers War Fund and to credit the amounts so received under a new head to be opened in the treasury accounts under Debt heads immediately below that for the Indian Imperial Relief Fund.

2. For the convenience of subscribers and also to avoid numerous small payments into treasuries, responsible persons will be authorised by the Secretary to the Fund or by Deputy Commissioners on his behalf to receive subscriptions and pay them into the treasury. No one who has not obtained written permission from a competent authority should collect subscriptions. Authorised collectors will grant receipts to each subscriber in the special form prescribed for the purpose. Each collector will be supplied with a number of counterfoil receipt books by the Deputy Commissioner of his district on application. Both the foil and the counterfoil of the form should be carefully filled up. The grant of receipt on loose paper or any other form by collectors is strictly prohibited.

3. At the end of each month or whenever the collections exceed Rs. 50, the amount in hand should be sent to the treasury by the collector with a chellan. Special chellan forms in quadruplicate will be supplied to collectors for the purpose by Deputy Commissioners. The treasury should check the amount of the chellan with the amounts noted in the counterfoils of the receipt book covered by the chellan. It should also see that the treasury number of the chellan is correctly noted in the counterfoils and that in the chellan the numbers of the receipts covered by the chellan are noted.

4. In respect of payments tendered directly at District and Taluk Treasuries, the Treasury Officer will act as collector. He will give a receipt to the party in the prescribed form and transfer the collections to treasury balance at intervals in the manner indicated above.

5. A stock of counterfoil receipt books and quadruplicate chellan books is kept in the office of the undersigned and will be supplied on indent to Deputy Commissioners. A stock account of receipt books and chellan books should be kept in the office of Deputy Commissioners. Collectors should preserve the counterfoils of used up receipt books and chellan books to be returned when called for.

6. The treasury will, after crediting the amount in the accounts, send the quadruplicate copy of the chellan immediately by the day's post to the Honorary Secretary to the Fund. The triplicates will be collected and sent to the undersigned immediately after the close of the month with a schedule of receipts on behalf of the Fund. The duplicate copy will be filed in the treasury.

7. It is particularly requested that all delay either in despatching the chellan to the Honorary Secretary or the monthly accounts to the undersigned should be avoided.

To— All Drawers of Establishment Bills.

The rule contained in para 133 of the Treasury Manual in regard to the method of drawing the pay of menials is not now uniformally followed, as in some cases nominal details are given while in others they are not. The names of menials are not necessary in establishment bills and the practice of noting them therein should be discontinued. It is sufficient to show in one entry the total number of menials on the same rate of pay and the total amount drawn for them.

The certificate necessary in support of such claims is already printed in the bill form.

Dated 12th January 1917.

To—All Drawers of Establishment Bills and
Deputy Commissioners, Treasury Department,
all Districts.

The practice prevails in some offices of drawing separate bills for arrears of pay of establishments of different months even though they are all prepared on the same date. A sepa-

rate bill for arrear claims of each month is not necessary and need not be prepared. Attention of all drawing officers is invited to Article 65 of Civil Account Code, Volume I, under which only one bill is necessary for all arrear claims of different months which have to be drawn at the same time; particulars of claims of the different months should, of course, be separately shown in the bill.

Circular No. 5737—539, dated 19th January 1917.

To—All Drawers of Salary and Establishment Bills and Deputy Commissioners of Treasury Departments of Districts.

With reference to the changes in State Provident Fund Rules sanctioned by Government and published on pages 2 and 3 of the Gazette of 4th January 1917, the attention of all drawers of salary and establishment bills is invited to the following points:—

1. The new rates of subscriptions should be adopted beginning with the amounts payable in February 1917. The rate of salary for the purpose of calculation of monthly subscription, payable for the remainder of the current official year, under the revised rule, should be that drawn in respect of the 31st January 1917.

2. From 1917-18, onwards the subscription should be based on the salary in respect of the 30th June of the previous financial year. The monthly rate of subscription should be in whole rupees. The minimum subscription is 6¼% of salary where this amount is not a sum in whole rupees, the sum in whole rupees below that amount should be taken as the minimum.

3. In the case of persons whose pay is less than Rs. 10 the minimum rate of subscription is half-anna in the rupee, rounded to the nearest multiple of 4 annas below the calculated amount.

4. In cases where the monthly minimum rate payable under the rule is less than a rupee, the nearest multiple of annas four below the calculated amount, should be paid.

5. The monthly subscription, a depositor elects to pay for any financial year, should be taken at that which is paid at his instance from his claim for the preceding June and the rate thus elected cannot be altered later on in the year.

6. In the case of the current year the rate of subscription elected and paid in February 1917, cannot be altered during the remainder of the year.

Officiating Comptroller.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees:—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

INSURANCE COMMITTEE.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary of the Government of Mysore, General Department.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.*

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

For some time past there have been complaints regarding the frequent changes of text-books used in the Primary and Middle Schools of the State. On enquiry it has been found that the complaint is, to a certain extent, due to the use of unauthorised books as texts in some of the Primary and Middle Schools. The Head Masters and the Head Mistresses of the several institutions concerned are strictly informed that no books other than those notified in the latest list of approved text-books issued by the Department, should be used as text-books without the previous permission of the Inspector-General.

The District Inspectors and Assistant District Inspectors of Schools are requested to see that the above instructions are strictly adhered to in all the schools under their control, and to report all cases of departures from the list for notice being taken of the conduct of the teachers concerned.

M. SHAMA RAO,
Inspector-General of Education.
